

# ANTISTAT1QT

## *Antistat Spray*

Topical antistat can be applied to virtually any surface to reduce static charging. Safe and easy-to-use, this clear liquid can be sprayed or wiped onto worksurfaces, walls, mats, floors, carpets, conveyor belts, clothing or other materials.

Meets the requirements for topical antistats as required in MIL-HDBK-263. On hard surfaces, antistat will last from weeks to months depending on the application

- Can be applied by spray, wiping, dipping or roller coating.
- Non-Toxic, non-Flammable.
- Non-staining, Biodegradable.
- Inexpensive and long lasting.
- Effective at low relative humidity.
